

**Please join Senator Ben Hueso and the
Senate Select Committee on California's Energy Independence
for an informational hearing**

Salton Sea: Renewable Energy and Resources

State Capitol Room 2040
Sacramento, California
Thursday, June 27, 2013
10:30 a.m. or Upon adjournment of Senate Session

Sacramento – Senator Ben Hueso, Chair of the Senate Select Committee on California's Energy Independence, will hold a panel hearing on "*Salton Sea: Renewable Energy and Resources*" next Thursday, June 27th in Sacramento. The Committee will discuss renewable energy, economic development opportunities and environmental impacts of a renewable energy portfolio around the Salton Sea.

For those unable to attend, the hearing will be webcast live [here](#).

The hearing will consist of two panel discussions followed by an opportunity for public comment. Panelists will include agency officials and representatives from California Energy Commission; Imperial Irrigation District; California Independent System Operation; Center for Energy Efficiency and Renewable Technologies; California Center for Algae Biotechnology, U.C. San Diego; Energy Source; California Natural Resource Agency; Economic Development Agency of Riverside County; South Coast Air Quality Management District; County of Imperial; and Defenders of Wildlife.

Please contact Lourdes Jimenez at 916-651-4040 or Paola Avila at 619-409-7690 with any questions.
