GOVERNOR'S VETOES

7

S.B. No. 497—Vidak.

An act relating to pupil transportation.

To the Members of the California State Senate:

I am returning Senate Bill 497 without my signature.

This bill requires the Department of Education to request and post on its website specific school transportation data from local entities that provide transportation services to students.

Current law does not prohibit the Department of Education from requesting or collecting, or locals from sharing school transportation information between interested parties that find it useful to compare data.

While well intended, I am unconvinced that this voluntary data collection would produce meaningful information or is a valuable use of limited resources at the local or state level.

For these reasons, I am unable to sign this bill.

Sincerely,

Edmund G. Brown Jr.

2015

Aug. 7—Shall Senate Bill 497 become a law notwithstanding the objections of the Governor? (Must be considered pursuant to Joint Rule 58.5.)

SB 658, as it passed the Senate, exempted a physician and surgeon or other health care professional involved in the selection, placement, or installation of an automated external defibrillator (AED) from civil liability in the rendering of emergency care by use of the AED. The bill also made specified changes to the requirements that apply to a person or entity, other than specified health facilities, that acquire an AED, including offering a demonstration to at least one person associated with the building so that the person can be walked through how to use an AED properly in an emergency and specifying that a medical director or physician and surgeon is not required to be involved in the acquisition or placement of an AED.

The Assembly amendments revise the requirements that apply to an AED that is placed in a public or private K–12 school facility, including requiring that the school principal ensure that the school administrators and staff receive information that describes sudden cardiac arrest, the school's emergency response plan, and the proper use of an AED.
